PROJECTS

University of North Carolina at Charlotte Summer Sports Analytics Practicum | May 2026 - June 2026

Carolina Panthers/NFL Network

- Analyzed NFL play-by-play data to identify offensive tendencies, situational patterns, and offensive/defensive formations to get a competitive edge in certain matchups.
- Evaluated down and distance, pass/run, EPA, shotgun usage, motion, and other game-level factors to develop actionable insights.

Charlotte FC

- Performed statistical analysis using advanced performance metrics to evaluate expected goals (xG), possession, and formations to identify areas for improvement.
- Compared Charlotte FC with other MLS teams to develop data-driven recommendations for team performance.

Charlotte Hornets

- Researched the marketing analytics side of the sports world by evaluating ideal time for theme nights to bring increased revenue.

WORK EXPERIENCE

Front End Associate | Walmart — Arden, NC | Feb. 2022–Aug. 2024

- Delivered customer service, resolved issues, and supported daily store operations.
- Collaborated with management and team members to maintain efficient front-end operations.

Cashier | Ingles — Etowah, NC | Jun. 2021–Jan. 2022

- Provided customer service while accurately handling transactions and following cash-handling procedures.
